32) The object of the proposed amendment of the Mysore Weights and Measures Act is to regulate the Manufacturers of weights and measures by licensing. A mere amendment of the preamble as suggested in the draft will not serve this purpose. There should be a specific enabling provision which will empower Government to frame rules for this purpose and which will prescribe penalties for transgression of these rules. Though the preamble of a Statute may be a good means of finding out its meaning and may give the general object and intention of the legislature in passing the enactment and may be conveniently and legitimately consulted to solve any ambiguity, nevertheless, the preamble cannot either restrict or extend the ~~enacted~~ enacting part when the language and the object and scope of the Act are not open to any doubt. (Maxwell)

33) The Bombay Rules on this question have been framed under section ~~42~~ of the Bombay Weights and Measures Act and we find that in clause (h) of sub rule (2) of Rule ~~42~~ there is provision for the making of rules regarding the manufacture of weights and measures in use in any area. It is presumably under this enabling provision that rules relating to licensing of manufacturers have been framed in Bombay. A new clause to section (3) will have to be added and section 5 which provides the penalties will also have to be amended if rules for the licensing of manufacturers have to be validated in Mysore.

34) A clause as follows may be added to section

40) A draft Bill is put up as per instructions of the Development Secretary.

41) From the file it is seen that licenses are required to be taken out (1) by manufacturers as well as by (2) repairers and (3) dealers.

42) (1) By the amendment of section 3 now proposed, weights and measures will be certified only when manufactured by a licensed manufacturer or by the Government. Section 3 A is also proposed to be amended so as to enlarge the rule making powers of Government for this purpose. Section 5 is also proposed to be recast so as to make ~~the~~ manufacture by an unlicensed manufacturer, an offence under the Act.

Yes. MD 4

43) (2) In regard to repairers, it is submitted that rules under 3 A (b) could provide for it. The rules (to) Could provide that where a weight or measure is repaired ~~after certification~~, it requires recertification and that such recertification will be made only when the repair is effected by a licensed repairer or manufacturer.

I agree. MD 4

44) (3) In regard to dealers, licensing may perhaps be unnecessary as even if licensed, ~~dealer~~ a dealer can only deal in certified measures.

I agree. MD 4

Final Note by the Minister for Finance and Revenue.

Subject.—

The Mysore Weights and Measures (amendment) Bill.

Flag Y.

Q

These papers relate to the proposal to amend the Mysore Weights and Measures Act, 1902. The Director of Industries and Commerce has brought to notice that the Central Industrial Workshop, Bangalore, which has been attending to the manufacture and supply of certified weights and measures of capacity is unable to cope with the public demand and that it is better to entrust this work to private manufacturers also under certain restrictions. But he states that many private manufacturers are manufacturing weights and measures out of inferior metal and not in accordance with the specifications laid down in the Rules. With a view to prevent such a practice, he suggests that it is desirable to frame rules on lines similar to the Bombay Weights and Measures Rules, so as to allow only licensed manufacturers and dealers to undertake the manufacture and supply of the standard weights and measures of capacity. The suggestion of the Director entails an amendment of the Mysore Weights and Measures Act 1902.

The Dewan and the other Ministers are agreeable to the proposal and I solicit His Highness' gracious approval thereto.

Final Note by the Minister for Industries and ~~Commerce~~ Supplies.

Subject.— Promulgation of the Mysore Weights and Measures (Amendment) Bill.

The gracious approval of His Highness was accorded on the 26th of May 1942 to the proposal to place the Mysore Weights and Measures (Amendment) Bill before the Representative Assembly and to introduce it thereafter in the Legislative Council.

The Bill could not be taken up during the October Session of the Assembly last year for want of time. The Bill was accordingly placed before the Assembly during its recent Budget Session and approved by that House. It was thereafter introduced in the Legislative Council during its recent session and passed by that House.

A copy of the Bill as passed in the Council and signed by the President under Standing Order 44 of the Mysore Legislative Council Standing Orders is submitted herewith.

The gracious sanction of His Highness is solicited to promulgate the Bill into law.

SIR,

Regulating the manufacture of weights and Measures by private manufacturers.

With reference to correspondence ending with your letter No.D.3174/I.&.C.241-39-2 dated 18/20-12-1939 on the above subject and to this office unofficial note No.11/40-41 dated 6th Decr.40 I have the honour to state that the manufacture of weights and measures to be supplied to the public was ordered to be placed with the Central Industrial Workshop temporarily after cancelling the agency of Messrs.B.D.Ghodke & Bros., Hubli in G.O.No.D.5416-17/I.&.C.591-39-2 dated 30th May 1940 under the circumstances explained therein. The Central Industrial Workshop has been manufacturing Weights and Measures and supplying to the public on demand but due to very heavy work orders there, the weights and Measures could not be supplied adequately to the needs of the public. Hence to avoid this sort of inconvenience it is very desirable that some private manufacturers should also be entrusted with this work and that too under certain restrictions to keep up uniformity, efficiency and standardisation.

2. Many private manufacturers are manufacturing weights and measures out of inferior metal and not in accordance with the specifications laid down in the Rules. With a view to prevent such a practice, it is very desirable to bring it into force a system by which only licensed manufacturers and dealers should undertake to manufactu

and supply weights and measures. The Director of Industries and Commerce Madras and Hyderabad who were addressed in the matter, have since intimated to me that the standard of weights Act 1939 who were addressed in the matter has not been brought into force. I am ~~therefore~~ of opinion that some definite action should be taken even independently of other States or Provinces.

As it is found difficult to supply enough weights and Measures of uniform standard to all centres where the weights and measures Act is in force, it is very necessary to bring into force the above Regulation.

I request that the rules submitted with this office letter of even number dated 14th October 1939 may be issued as supplement to the Rules now in force.

I request the favour of early orders of Government in the matter.

I have the honour to be
Sir
Your most obedient servant

DIRECTOR.

REGULATION No. III OF 1902.

(As amended by Regulation IX of 1927.)

(PASSED ON THE 8TH DAY OF JULY 1902)

The Mysore Weights and Measures Regulation, 1902.

WHEREAS it is expedient to regulate the use of Weights and Measures of Capacity in Mysore; Her Highness the Maharani-Regent is pleased to enact as follows:— Preamble.

1. This Regulation may be called the "Mysore Weights and Measures Regulation, 1902;" it extends to the whole of Mysore; and it shall come into force at once. Title, extent and operation.

*2. (1) The Government may, from time to time by notification in the Official Gazette, prescribe either generally for Mysore or for any specified part thereof, the standards of weight and measure of capacity that shall be followed therein.

(2) Copies of standards prescribed as aforesaid shall be kept in the Office of the Inspector-General of Police, in the offices of the Deputy Commissioners of Districts and in such other offices as may, from time to time, be prescribed by the Government and shall at all reasonable times be available for public inspection.

3. The Government may, by notification in the Official Gazette, direct that, after a date to be fixed therein, only certified weights or measures of capacity or both shall be used in all dealings and contracts in any specified area and may in like manner alter or revoke such direction.

Provided that such direction shall not apply to dealings and contracts effected otherwise than by weight or measure of capacity and those based on the British, the Metric, the Indian Railway or any other system of weight or measure of capacity for the exclusion of which provision is made in the rules.

3.A. The Government may make rules to regulate the following matters:—

(*a*) the shapes, dimensions and designations of all or any of the weights and measures of capacity that may be

* Substituted by Regulation IX of 1927.

permitted to be used and the materials of which the same shall be made;

(*b*) the method of testing weights and measures of capacity and of certifying to their correctness by means of stamping or otherwise and the fees to be levied therefor; and

(*c*) the agency to be employed, the powers and duties of such agency and generally any other matters connected with the carrying out of the purposes of this Regulation.*

What are false weights and measures.

4. Any weight or measure of capacity, which is not in accordance with a copy of the standard of weight or measure of capacity kept under section 2 (2) shall be deemed to be a false weight or measure of capacity within the meaning of Chapter XIII of the Indian Penal Code.

†**5.** Whoever uses any weight or measure of capacity in contravention of the provisions of Section 3 shall, on conviction by a Magistrate specially empowered in this behalf, be punishable with fine which may extend to Rs. 50 and for every such subsequent use with fine which may extend to Rs. 100.

6. Whoever knowingly counterfeits any mark prescribed by the rules for certification under Section 3 shall on conviction, by a Magistrate specially empowered in this behalf, be punished with imprisonment for a term which may extend to three years and shall also be liable to fine.*

Substituted by Regulation IX of 1927.

Inserted by Regulation IX of 1927.

THE MYSORE WEIGHTS AND MEASURES (Amendment) BILL.

Existing provision.	Amendment proposed	Section as amended.
I. Section (3) of the Mysore Weights and Measures Act "The Government may, by notification in the Official Gazette, direct that, after a date to be fixed therein, only certified weights or measures of capacity or ~~which~~ both shall be used in all dealings and contracts in any specified area and may in like manner alter or revoke such direction. Provided that such direction shall not apply to dealings and contracts effected otherwise than by ~~a~~ weight or measure of capacity and those based on the ~~British~~ British, the Metric, the Indian Railway or any other system of weight or measure of capacity for the exclusion of which provision is made in the rules.	Renumbering of section 3 as sub-section (1) and insertion of sub-section(2).	Section (3) (1) (same as Section 3 on the left side) (2) "A weight or measure of capacity shall be certified only when it has been manufactured by the Government or by a manufacturer duly licensed under this Act."
II. Clause (c) of section 3(A) of the Weights and Measures Act. The agency to be employed, the powers and duties of such agency and generally any other matters connected with the carrying out of the purposes of this Regulation.	Renumbering of clause (c) as clause (d) and insertion of clause (c)	Clause (c)--"The charges, terms and conditions, subject to which licenses may be granted to manufactures of weights and measures of capacity; and " Clause(d)--The agency to be employed ..... Regulation.

THE MYSORE WEIGHTS AND MEASURES (Amendment) BILL (Contd.)

Existing provision.	Amendment proposed	Section as amended.
III Section (5) of the Weights and Measures Act: "Whoever uses any weight or measure of capacity in contravention of the provisions of Section 3 shall, on conviction by a Magistrate specially empowered in this behalf, be punishable with fine which may extend to Rs 50 and for every such subsequent use with fine which may extend to Rs 100/-"	Substitution of a new Section	Section (5) "Whoever manufactures or uses any weight or measure of capacity in contravention of the provisions of section 3 shall on conviction by a Magistrate specially empowered in this behalf be punishable with fine which may extend to Rs 50/- and for every such subsequent manufacture or use, with fine which may extend to Rs 100/-"

A BILL TO AMEND THE [illegible] WEIGHTS AND MEASURES ACT, 1902.

Existing Section	Amendment proposed.	Section as amended.	Remarks
Section 3.	Section 3 of the Act shall be re-renumbered as sub-section (1) of that section and after the section as so renumbered, the sub-section mentioned in column 3 shall be inserted.	Section 3(2).- A weight or measure of capacity shall be certified only when it has been manufactured by the Government or by a manufacturer duly licensed under this Act.	
Sub-section (c) of section 3-A.	Sub-section (c) of section 3-A shall be renumbered as sub-section (d) of that section and before the sub-section as so renumbered sub-section mentioned in column 3 shall be inserted.	Sub-section (c) of Section 3-A.- The charges, terms and conditions, subject to which licenses may be granted to manufacturers of weights and measures of capacity.	
Section 5.	The section mentioned in column 3 shall be substituted.	Section 5.- Whoever manufactures or uses any weight or measure of capacity in contravention of the provision of section 3 shall, on conviction by a Magistrate specially empowered in this behalf, be punishable with fine which may extend to Rs.50 and for every such subsequent manufacture or use, with fine which may extend to Rs.100.	

Statement of Principles.

The Mysore Weights and Measures Act, 1902 regulates theuse of Weights and Measures of capacity. It has been found thet a number of private persons are manufacturing weights and measures of capacity out of inferior metal and contrary to the specifications laid down in the Rules. With a view to preventing such practice and to meet the demand for certified Weights and Measures, it is desirable to make rules by which only licensed manufacturers and dealers shall undertake the manufacture and supply of these weights and measures of capacity. Such rules are already in force in the Province of Bombay. As similar rules cannot be promulgated under the existing provisions of the Mysore Act, it is proposed, as the first necessary step, to amend Sections 3 and 5 so as to regulate the manufacture of weights and measures of capacity, under license and to provide for a penalty for unauthorised manufacture.

19. THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

Statement of Principles.

The Mysore Weights and Measures Act, 1902, regulates the use of weights and measures of capacity. It has been found that a number of private persons are manufacturing weights and measures of capacity out of inferior metal and contrary to the specifications laid down in the Rules. With a view to preventing such practice and to meet the demand for certified weights and measures, it is desirable to make rules by which only licensed manufacturers and dealers shall undertake the manufacture and supply of these weights and measures of capacity. Such rules are already in force in the Province of Bombay. As similar rules cannot be promulgated under the existing provisions of the Mysore Act, it is proposed, as the first necessary step, to amend Sections 3 and 5 so as to regulate the manufacture of weights and measures of capacity, under license and to provide for penalty for unauthorised manufacture.

THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

Whereas it is expedient further to amend the Mysore Weights and Measures Act, 1902, for the purpose of regulating the manufacture of weights and measures of capacity; It is hereby enacted as follows:—

1. (i) This Act may be called the Mysore Weights and Measures (Amendment) Act, 194 .

(ii) It shall come into force at once.

2. Section 3 of the Mysore Weights and Measures Act, 1902 (hereinafter referred to as the said Act), shall be renumbered as sub-section (1) of that section and after the section as so renumbered, the following sub-section shall be inserted, namely,—

"(2) A weight or measure of capacity shall be certified only when it has been manufactured by the Government or by a manufacturer duly licensed under this Act."

3. Clause (*c*) of Section 3-A of the said Act shall be renumbered as clause (*d*) of that section and before the clause as so renumbered, the following clause shall be inserted, namely,—

"(*c*) The charges, terms and conditions, subject to which licenses may be granted to manufacturers of weights and measures of capacity."

4. For Section 5 of the said Act, the following section shall be substituted, namely—

"5. Whoever manufactures or uses any weight or measure of capacity in contravention of the provisions of Section 3 shall, on conviction by a Magistrate specially empowered in this behalf, be punishable with fine which may extend to Rs. 50 and for every such subsequent manufacture or use, with fine which may extend to Rs. 100"

"

20. THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

Statement of Principles.

The Mysore Weights and Measures Act, 1902, regulates the use of weights and measures of capacity. It has been found that a number of private persons are manufacturing weights and measures of capacity out of inferior metal and contrary to the specifications laid down in the Rules. With a view to preventing such practice and to meet the demand for certified weights and measures, it is desirable to make rules by which only licensed manufacturers and dealers shall undertake the manufacture and supply of these weights and measures of capacity. Such rules are already in force in the Province of Bombay. As similar rules cannot be promulgated under the existing provisions of the Mysore Act, it is proposed, as the first necessary step, to amend sections 3 and 5 so as to regulate the manufacture of weights and measures of capacity, under licence and to provide for penalty for unauthorised manufacture.

THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

WHEREAS it is expedient further to amend the Mysore Weights and Measures Act, 1902, for the purpose of regulating the manufacture of weights and measures of capacity;

It is hereby enacted as follows:—

Short title and commencement.

1. (i) This Act may be called the Mysore Weights and Measures (Amendment) Act, 194 .

(ii) It shall come into force at once.

Amendment of section 3, Act III of 1902.

2. Section 3 of the Mysore Weights and Measures Act, 1902 (hereinafter referred to as the said Act), shall be renumbered as sub-section (1) of that section and after the section as so renumbered, the following sub-section shall be inserted, namely,—

"(2) A weight or measure of capacity shall be certified only when it has been manufactured by the Government or by a manufacturer duly licensed under this Act."

Amendment of section 3A, Act III of 1902.

3. Clause (*c*) of Section 3-A of the said Act shall be renumbered as clause (*d*) of that section and before the clause as so renumbered, the following clause shall be inserted, namely,—

"(*c*) The charges, terms and conditions, subject to which licences may be granted to manufacturers of weights and measures of capacity."

Substitution of a new section for section 5 of Act III of 1902.

4. For Section 5 of the said Act, the following section shall be substituted, namely—

"5. Whoever manufactures or uses any weight or measure of capacity in contravention of the provisions of Section 3 shall, on conviction by a Magistrate specially empowered in this behalf, be punishable with fine which may extend to Rs. 50 and for every such subsequent manufacture or use, with fine which may extend to Rs. 100."

GENERAL AND REVENUE SECRETARIAT.

(*Continuation sheet draft form.*)

H. H. File
No. 901

D. F. N.

These papers relate to the proposal to amend the Mysore Weights and Measures Act, 1902. The Director of Industries and Commerce has brought to notice that the Central Industrial Workshop, Bangalore, which has been attending to the manufacture and supply of certified weights and measures of capacity is unable to cope with the public demand and that it is better to entrust this work to private manufacturers also under certain restrictions ~~Subject to certain~~ Conditions. But he states that many private manufacturers are manufacturing weights

WD 0522—GPB—7,500—16-2 37

and measures out of inferior
not in accordance with the
metal and ~~Contrary to~~ the
Specifications laid down in the Rules.
~~In order~~ with a view to prevent such a practice,
he suggests that it is desirable
to frame rules on lines similar
to the Bombay Weights and
Measures Rules, ~~whereby~~ so as to allow
licensed manufacturers and
dealers ~~should~~ would not take the
to
manufacture and supply of
the Standard Weights and
measures of capacity. The
suggestion of the Director
entails an amendment of the ~~Act~~ Standard Weights and Measures
Act 1902.

The Dewan and the other
Ministers are agreeable to the proposal
and I solicit His Highness' gracious
approval thereto.

WG

No. Rl. 1114, *dated Bangalore, the 7th June* 1943.

Under the provisions of Rule 6 of the Mysore Legislative Rules, 1941, the Dewan has been pleased to order the publication in the Gazette of the Weights and Measures (Amendment) Bill together with the statement of Objects and Reasons.

By Order,

C. NARAYANASWAMY NAIDU,
Secretary to Government,
Law Department.

THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

WHEREAS it is expedient further to amend the Mysore Weights and Measures Act, 1902, for the purpose of regulating the manufacture of weights and measures of capacity ;

It is hereby enacted as follows :—

Short title and commencement.

1. (i) This Act may be called the Mysore Weights and Measures (Amendment) Act, 194 .

(ii) It shall come into force at once.

Amendment of section 3, Act III of 1902.

2. Section 3 of the Mysore Weights and Measures Act, 1902 (hereinafter referred to as the said Act), shall be renumbered as sub-section (1) of that section and after the section as so renumbered, the following sub-section shall be inserted, namely,—

"(2) A weight or measure of capacity shall be certified only when it has been manufactured by the Government or by a manufacturer duly licensed under this Act."

Amendment of section 3-A, Act III of 1902.

3. Clause (*c*) of Section 3-A of the said Act shall be renumbered as clause (*d*) of that section and before the clause as so renumbered, the following clause shall be inserted, namely,—

"(*c*) The charges, terms and conditions, subject to which licences may be granted to manufacturers of weights and measures of capacity."

4. For Section 5 of the said Act, the following section shall be substituted, namely—

Substitution of a new section for section 5 of Act III of 1902.

"5. Whoever manufactures or uses any weight or measure of capacity in contravention of the provisions of Section 3 shall, on conviction by a Magistrate specially empowered in this behalf, be punishable with fine which may extend to Rs. 50 and for every such subsequent manufacture or use, with fine which may extend to Rs. 100."

D.H. Chandrasekharaiya 12/7/43
President
Legislative Council

Statement of objects and reasons.

The Mysore Weights and Measures Act, 1902, regulates the use of weights and measures of capacity. It has been found that a number of private persons are manufacturing weights and measures of capacity out of inferior metal and contrary to the specifications laid down in the Rules. With a view to preventing such practice and to meet the demand for certified weights and measures, it is desirable to make rules by which only licensed manufacturers and dealers shall undertake the manufacture and supply of these weights and measures of capacity. Such rules are already in force in the Province of Bombay. As similar rules cannot be promulgated under the existing provisions of the Mysore Act, it is proposed, as the first necessary step, to amend sections 3 and 5 so as to regulate the manufacture of weights and measures of capacity, under licence and to provide for penalty for unauthorised manufacture.

THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

Sir,

I beg to move that the Mysore weights and Measures (Amendment) Bill published under rule 36 of the Mysore Legislative Rules, 1940, be taken into consideration.

The Mysore Weights and Measures Act regulating the use of measures of capacity in Mysore provides that the Government may from time to time prescribe either generally or for any specified part standards of weights and measures of capacity that should be followed therein. About ~~42~~ 60 areas have been notified in Mysore in which the compulsory use of certified weights and measures is being enforced. This number includes several ~~includes~~ important trade centres. Even in places not so notified, the use of standard weights and measures is being encouraged. The manufacture of these weights and measures is being done in the Central Industrial Workshop at Bangalore. But, it has not been possible to manufacture them in sufficient numbers so as to adequately meet the public demand. Private manufacture has therefore been on the increase. ~~And weights and measures~~ Manufactures by such private agencies persons often results in the production of weights and measures of inferior metal and not in accordance with specifications laid down in the rules. It has therefore been decided that private manufacture of these weights and measures should be ~~permitted, but~~ regulated and controlled by the Government, in order to keep up uniformity and standardisation. It is therefore proposed to introduce a system of ~~it~~ licencing by which certain manufacturers are licenced to manufacture weights and measures and

1) Please obtain as accurate & up-to-date info as possible of the areas in which this is being enforced.

2) What is the size of the demand & why is it not possible for the CIW or Hassan Factory & GEF to turn out the 20% required?

19/6

3) The above info may be obtained & may be subject before Cabinet up.

19/6 21/6 To 21.6.60

P.T.O.

submit them for certification by the Government. For ~~this~~ this system to be put into effect an amendment of the Act has become necessary. The present bill provides for this.

The Representative Assembly accorded its unanimous approval to this measure in June this year. I am sure, members of this House will similarly give it their unanimous support. Only one principle is involved in this bill and that is the question of licencing manufacturers who alone will be entitled to manufacture weights and measures and get them certified by the Government before they are offered to the public.

20. THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

Statement of Principles.

The Mysore Weights and Measures Act, 1902, regulates the use of weights and measures of capacity. It has been found that a number of private persons are manufacturing weights and measures of capacity out of inferior metal and contrary to the specifications laid down in the Rules. With a view to preventing such practice and to meet the demand for certified weights and measures, it is desirable to make rules by which only licensed manufacturers and dealers shall undertake the manufacture and supply of these weights and measures of capacity. Such rules are already in force in the Province of Bombay. As similar rules cannot be promulgated under the existing provisions of the Mysore Act, it is proposed, as the first necessary step, to amend sections 3 and 5 so as to regulate the manufacture of weights and measures of capacity, under licence and to provide for penalty for unauthorised manufacture.

THE MYSORE WEIGHTS AND MEASURES (AMENDMENT) BILL.

WHEREAS it is expedient further to amend the Mysore Weights and Measures Act, 1902, for the purpose of regulating the manufacture of weights and measures of capacity;

It is hereby enacted as follows:—

Short title and commencement.

1. (i) This Act may be called the Mysore Weights and Measures (Amendment) Act, 194 .

(ii) It shall come into force at once.

Amendment of section 3, Act III of 1902.

2. Section 3 of the Mysore Weights and Measures Act, 1902 (hereinafter referred to as the said Act), shall be renumbered as sub-section (1) of that section and after the section as so renumbered, the following sub-section shall be inserted, namely,—

"(2) A weight or measure of capacity shall be certified only when it has been manufactured by the Government or by a manufacturer duly licensed under this Act."

Amendment of section 3A, Act III of 1902.

3. Clause (*c*) of Section 3-A of the said Act shall be renumbered as clause (*d*) of that section and before the clause as so renumbered, the following clause shall be inserted, namely,—

"(*c*) The charges, terms and conditions, subject to which licences may be granted to manufacturers of weights and measures of capacity."

Substitution of a new section for section 5 of Act III of 1902.

4. For Section 5 of the said Act, the following section shall be substituted, namely—

"5. Whoever manufactures or uses any weight or measure of capacity in contravention of the provisions of Section 3 shall, on conviction by a Magistrate specially empowered in this behalf, be punishable with fine which may extend to Rs. 50 and for every such subsequent manufacture or use, with fine which may extend to Rs. 100."

Read :--

Correspondence ending with letter No. C.4.442/41-42 dated 1st December 1942, from the Director of Industries and Commerce in the matter of extension of weights and measures act to additional areas.

ORDER No. D6464-66/DF66 14-41-42

Dated, Bangalore, the 18th March 1943.

In the discussion in the representative assembly 1941 the question regarding the introduction of uniform weights and measures throughout the state was discussed and the Director of Industries and Commerce was requested to examine the question of expediting the work in this direction. The Director is of the opinion that the present number of 43 notified areas may be increased to 60 and that the staff attached to the respective headquarters may pay periodical visits to the areas already notified under the Act concentrating their attention however, mainly on the new places. He now proposes that as the Eastern and their inspectors have to travel over a large area consequent on the extension of the Act to new areas the fixed travelling allowance now granted to them may be raised by 25%. He has also submitted a statement showing the headquarters of the Inspectors and the proposed additional areas to which the Act has to be extended.

After careful consideration of the matter Government are pleased to sanction the proposals subject to the modification that the rates of fixed travelling allowance allowed to the officers and attenders of the Department be revised as per the letter shown in the statement appended to this order.

By order and in the name of the Governor,

Sd/- B. Ramanna

Secretary to Government,
Development Department.

Dear Sir,

Regulating the manufacture of weights and Measures by private manufacturers.

I invite a kind reference to my letter of even number dated 12-8-1942 and subsequent letters dated 7-11-41, 8-12-1941, 29-1-42 and 5-3-1942 on the above subject and to request you to kindly obtain early orders of Government in the matter and communicate the same to me.

Yours Sincerely,

V. Vedavyasacharya, Esquire, B.A.,
Secretary to Government, Development
Department, Bangalore.

Sub : Manufacture of Weights and Measures

With reference to your D. O. letter No. D. 8428 of the 21st June 1943 on the above subject, I have to state that as regardsthe extent of the demand for standard weights and measures in the State, no figures are available. But it is expected that the demand would be appreciable. It may be possible for the Department of Industries and Commerce to have the weights and measures manufactured either through concerns maintained by Government or through private workshops or by both. Distribution could be arranged through the Testers of Weights in the Districts.

Yours sincerely

B G A Mudaliar

Charles E. Noronha Esq., M.A.,

Bangalore.

BGAM-USC)

This is all too vague. Ask me see for letter to-day. This is a reply.

If Govt can workshops can manufacture standards, & private manufacture has been prohibited
